

Chef Carol D's Summer Salsa

Ingredients:

- 1 cup diced pineapple
- 1 cup diced green pepper
- 1/4 cup diced red pepper
- 1 teaspoon lime juice
- 1 teaspoon red wine vinegar

Directions:

Combine all ingredients and chill. Make a quick, nutritious summer meal using any white fish you like. I brushed Red Snapper with a little Herbs de Provence, salt and pepper, then broiled until very lightly brown. Steamed broccoli is a great accompaniment and is ready in minutes. Just before serving, spread salsa over top of fish and enjoy!
